13 September 1982

MEMORANDUM FOR:

[Redacted]

STAT

Chairman, TK Modification Working Group (TMWG)

VIA:

Vice Chairman, COMIREX
Chairman, COMIREX

SUBJECT:

Letter of Appreciation

1. After years of working on the Imagery Policy Manual in a variety of capacities we have finally seen the results of our efforts with the receipt of the final volume of the manual last week. I would like to take this opportunity to express my appreciation for the invaluable assistance that you and the TK Modification Working Group provided me in completing this project.

2. The TK Modification Working Group played a significant role in the final coordination of the manual. It was the TMWG members, who in most cases were responsible for the review and staffing in their parent organizations. As a former member and chairman of the TK Modification Working Group I personally know what this entails. Please extend my appreciation to the members of the Working Group.

3. With a baseline manual now finally available, the real work of the TMWG is just starting. It will be an on-going task to ensure that relevant policy changes are accurately reflected through timely page changes to this manual.

4. Again, I thank you and the Working Group for the outstanding professional support given during this project.
